

THE 7 STEPS TO ACHIEVING

# Financial Well-being

Financial Well-being is a key factor in leading a happy and fulfilled life. It not only alleviates money-related stress but also positively impacts all areas of your life. Marc will explore how you can attain Financial Well-being and take control of your financial future.

In this presentation, Marc will provide valuable insights and tools to help you on your journey to Financial Well-being. No matter what stage of life you are at, there is something for everyone as it will equip you with the knowledge and skills you need to reach your financial goals.

In this talk, Marc will explain:

- How achieving Financial Well-being can positively impact every aspect of your life.
- The concept of Financial Freedom and how it's the new retirement goal for individuals.
- The importance of setting and achieving financial goals, no matter where you are on your financial journey.
- The importance of understanding the money basics, including budgeting and managing debt effectively.
- How to make the most out of your superannuation to secure your financial future.
- Finally, learn why the greatest risk is not how to invest your money, but that you could now outlive your money...and how to prevent this.

In this presentation, you won't find get-rich-quick schemes, just sound financial ideas and strategies that apply to everyone. Marc wants to have audiences talking and thinking about money in a positive way, and to leave having the confidence that they can reach financial freedom that much sooner.

This presentation can be adapted for in-person, hybrid or virtual conferences, either as a keynote or with the option to include a half day workshop program.
